EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

In the Specification

On page 1: on line 3 of paragraph [0001], before "which", -- now U.S. Pat. No. 6,918,670, -- has been inserted.

In the Claims

In claim 36: on line 3, after "lens", -- in the series -- has been inserted to provide connection between claim 1 and claim 36, otherwise claim 36 is indefinite in that it is not clear whether the lens recited on line 3 is floated somewhere in the device or has any relationship with the lenses in the series.

In claim 37: on line 1, "ophthalmic instrument" has been replaced with -- phoropter -- otherwise "The ophthalmic instrument" recited has no antecedent basis.

In claim 38: on line 1, "ophthalmic instrument"(two occurrences) has been replaced with -- phoropter --.

REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: The allowability of claims 1-40 centers on the subject matter called for in independent apparatus claim 1 and independent method claim 22, wherein in the former, the creation of a positive,

negative, or neutral optical power in each of the addressable electro-active lenses placed in series and arranged in a housing of a phoropter for determining a vision prescription is noted to be novel and unobvious over the prior art of record taken singly or in combination; and wherein in the latter, the method for determining a vision prescription is seen as an obvious derivation from the apparatus claim 1.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
